The paper that started it all. As of June 2007, searching Google for the term "Googlearchy" found 53,300 online documents. Saved somewhere I have a screenshot from February 2003, showing that searching for Googlearchy returned no results. For a .pdf file of the original article, [click here](#). The full citation follows: Hindman, Matthew, Kostas Tsioutsoulouklis, and Judy A. Johnson. 2003. "Googlearchy: How a Few Heavily Linked Sites Dominate Politics Online." Paper presented at the annual meeting of the Midwest Political Science Association.
